

STUDENT CAR POLICY

*It is a **privilege** (not a right) for Year 12 students to have a vehicle on the college grounds for the **sole purpose** of travelling from Home to College and College to Home (not to support students weekend social life). This privilege and the use of the vehicle will be revoked should students take this privilege for granted or student behaviour does not meet the College Code of Conduct.*

Due to the increased number of Year 12 students with a driver's license, limited vehicle garage space and the Duty of Care of the College for students, this Policy will be strictly enforced. Parental support for this Policy and the Duty of Care of students is appreciated.

1. Students need the permission of the Deputy Principal and a permission form from parents before a student vehicle is permitted to be parked at the College.
2. The vehicles are only to be driven off the College property when the students are going home.
3. In most cases the vehicle owner/driver should be the **only** person traveling in the vehicle. A student may take one other student passenger to their home destination, once written permission giving approval from both parents has been received (as in point 5 below) and approval has been cleared with the Principal or Deputy Principal.
4. Students are not permitted to drive their vehicle in Morawa during any weekend or at any other time during which the student is on leave from the College, other than to drive **directly** between the College and home.
5. A written communication from the parent/guardian giving permission for the student driver to drive home must be given to the College as per Student Hostel Leave Policy before the vehicle is allowed off the property.
6. On returning to Morawa, the vehicle will be taken to the Residential Campus where the student will sign in and unpack. The student will then need to arrange with the supervisors to have their vehicle transferred to the farm. No spare keys are to be retained by the student. All keys will be retained by the Deputy Principal at the College Administration.
7. A suspension of a farm license may result in the removal of the privilege of keeping a vehicle at the College
8. Student vehicles will not be permitted for travel to school organised activities such as camps.
9. Student vehicles may be used to travel to work experience with parental permission.
10. Students will not be permitted to work on their vehicles during class time unless they have received permission from The Deputy Principal and Following written parental communication.
11. The student vehicle parking area is out of bounds to all students except for the purpose of taking the vehicle for a leave weekend.
12. Breaches of any of these rules will result in loss of privilege of keeping a vehicle on site.
13. Parents must ensure vehicles are roadworthy.
14. College reserves the right to inspect vehicles and luggage on return for prohibited substances.

WA COLLEGE OF AGRICULTURE - MORAWA
